

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # RULES OF RACING

Adopted by The Jockey Club

1907

## PART I.

### INTERPRETATION OF WORDS AND PHRASES.

1. A recognized meeting is:

\*(I) A meeting held by the Coney Island Jockey Club, the Brooklyn Jockey Club, the Westchester Racing Association and the *Brighton Beach Racing Association*.

---

\*Amended September 13, 1906.

(II) A meeting held under a license granted by The Jockey Club, or one held in the United States or Canada under the sanction of any turf authority whose jurisdiction over racing of any nature is recognized by The Jockey Club, and which enforces the forfeit list of The Jockey Club and such recognized associations, and which also gives effect to sentences imposed by these authorities upon persons guilty of fraudulent practices on the turf.

(III) A meeting held in the United Kingdom under the auspices of the English Jockey Club and all others having a reciprocal agreement with it.

(IV) A meeting held in any foreign country other than the United Kingdom and Canada under the sanction of any turf authority giving effect to sentences imposed by the Stewards of The Jockey Club upon persons guilty of fraudulent practices on the turf, and which enforces the forfeit list of The Jockey Club.

A "Horse" includes mare, gelding, colt and filly.

The age of a horse is reckoned as beginning on the first of January in the year in which he is foaled.

A "Maiden" is a horse which has never won a race (other than a match or private sweepstakes) in any country.

A maiden means a maiden at the time of the start.

A race includes purse, sweepstakes, private sweepstakes or match, but not steeplechase or hurdle race.

A purse is a race for money or other prize to

which the owners of the horses engaged do not contribute stakes, and which is void if three horses in entirely different interests are not entered for it.

A sweepstakes is a race in which stakes are to be made by the owners of the horses engaged, and any such race is still a sweepstakes when money or other prize is added.

A public sweepstakes is void if three subscribers do not engage horses in it.

A private sweepstakes is one to which no money is added and which has not been advertised previous to closing.

A handicap is a race in which the weights to be carried by the horses are adjusted by the handicapper for the purpose of equalizing their chances for winning.

A free handicap is one in which no liability is incurred for entrance money, stake or forfeit, until acceptance of the weight, either directly or through omission to declare out.

A heavy handicap is one in which the topweight shall not be less than 140 pounds.

A post race is one in which the subscribers declare, at the usual time before a race for declaring to start, the horse or horses they are to run, without other limitation of choice than the rules of racing and the conditions of the race prescribe.

A produce race is one to be run for by the produce of horses named or described at the time of entry.

A selling race is one the conditions of which require that every horse running, if a loser, may be claimed, and if the winner, must be offered for sale by auction or be liable to be claimed.

The nominator is the person in whose name a horse is entered for a race.

Owner includes part owner or lessee. \*Authorized agent means an agent appointed by a document signed by the owner and lodged *annually* at the office of The Jockey Club, or if for a single meeting only, with the Clerk of the Course for transmission to The Jockey Club. Authorized agent includes sub-agent, if authority to appoint a sub-agent is provided for by the document.

\*Amended January 12, 1905.

The forfeit list is a record of arrears issued under the authority of a racing association or a combination of racing associations.

Arrears include all sums due for entrance money, subscriptions, stakes, forfeits, fines, fees, purchase money in races with selling conditions or any default incident to these rules.

Weight for age means standard weight according to the rules of the course where the race is run or its conditions, and remains a weight for age race even though there be penalties and allowances.

A walk-over is when two horses in entirely different interests do not run for a race.

## **PART II.**

### **CALCULATION OF TIME.**

2. When the last day for doing anything under these rules falls on a Sunday, it may be done on the following Monday, unless a race to which such act relates is appointed for that day, in which case it must be done on the previous Saturday.
3. "A month" means a calendar month; "a day" means twenty-four hours.

## **PART III.**

### **REGULATIONS FOR RACE MEETINGS.**

4. After June 1st in each year only one overnight event for a distance less than a mile for horses three years old and upward, shall be given on any race day; but should it be found necessary to add an extra race, this rule shall not apply to such race.

After July 1st in each year there shall be no races less than five furlongs.

The number of starters in any overnight race shall be limited by the width of the track at the starting post. Every horse shall be allowed five feet of the width of the track. The number of starters shall be reduced to the proper number by lot or by division of the race at the option of the Association.

5. In case of fire, or for other reasons, races may be run over another race course.
6. If a horse run at any unrecognized meeting he is disqualified for all races to which these rules apply.
7. Any owner or trainer running horses, any jockey riding the same at any unrecognized meeting shall be disqualified for all races to which these rules apply. Such horses and all others under the control of such owner or trainer shall also be disqualified. Any person acting in any official capacity may also be disqualified.

## **PART IV.**

### **POWERS OF THE STEWARDS OF THE JOCKEY CLUB.**

8. (I) The Stewards of The Jockey Club shall have power at their discretion to grant and withdraw licenses to race courses, trainers and jockeys.

(II) The appointment of the Handicapper, Clerk of the Scales, Starter and Judge or Judges, Forfeit Clerk, and all minor racing officials shall be made by them, excepting upon licensed courses, which are provided for in Part VI., Rule 23A.

(III) They shall have charge of the forfeit list, the registry office and the registration of partnerships.

(IV) They shall have power to make inquiry

into and deal with any matter relating to racing, and to rule off any person concerned in any fraudulent practices on the turf.

(V) They shall hear cases on appeal, as provided for in these rules, and their decision shall be final.

(VI) The Racing Calendar and such other publications, as may be hereafter designated, are the works published under their respective names by authority of The Jockey Club.

## **PART V.**

### **STEWARDS.**

9. Whenever the word "Steward" or "Stewards" is used, it means Steward or Stewards of the meeting, or their duly appointed deputy or deputies.
10. There shall be three Stewards of the meeting; one appointed by The Jockey Club, one by the Racing Association at whose track the meeting shall take place, and a third who shall be elected by the two Stewards aforesaid from the members of The Jockey Club.
11. Each Steward may appoint a deputy at any time, or, if there be but one Steward present, he shall, in case of necessity, appoint one or more persons to act with him. If none of the Stewards are present, the officers of the Association owning the course shall request two or more persons to act during the absence of such Stewards.
12. In case of emergency, the Stewards may, during a meeting, appoint a substitute to fill any of the offices for that meeting only.
13. Every complaint against an official shall be made to the Stewards in writing, signed by the complainant.
14. The Stewards shall have full power to make (and, if necessary, to vary) all such arrangements for the conduct of the meeting as they think fit, and under special circumstances to put off any race from day to day until a Sunday intervenes.
15. The Stewards have control over and they and the Stewards of The Jockey Club have free access to all stands, weighing rooms, enclosures and other places in use for the purpose of racing.
16. They shall exclude from all places under their control:
  - (I) Every person who is warned off the turf.
  - (II) Every person whose name has been published in the unpaid forfeit list, until the default is cleared.
  - (III) Every person who has been reported as a defaulter, until it has been officially notified that his default is cleared.
  - (IV) Every person who has been declared by the turf authorities of, or by the Stewards of any recognised meeting in this or any other country

to have been guilty of any corrupt or fraudulent practices on the turf.

17. They shall also have supervision over all entries to overnight events and declarations to handicaps.
18. The Stewards have power to regulate and control the conduct of all officials, and of all owners, trainers, jockeys, grooms and other persons attendant on horses.
19. They have power to punish at their discretion any person subject to their control with a fine not exceeding \$200, and with suspension from acting or riding at the same meeting, and to report to the Stewards of The Jockey Club, should they consider any further fine or punishment necessary.
20. The Stewards have power to determine all questions arising in reference to racing at the meeting, subject to appeal under Part XX., and should no decision have been arrived at by the Stewards within seven days of an objection being lodged, the Clerk of the Course shall then report the case to the Stewards of The Jockey Club, who may at their discretion decide the matter, and if they consider there has been negligence, may order any additional expense arising therefrom, to be defrayed out of the funds of the meeting at which the case occurred.
21. The Stewards have power to call for proof that a horse is neither itself disqualified in any respect, nor nominated by, nor the property, wholly or in part, of a disqualified person, and in default of such proof being given to their satisfaction, they may declare the horse disqualified.
22. The Stewards have power at any time to order an examination by such person or persons as they think fit of any horse entered for a race, or which has run in a race.

## PART VI.

### OFFICIALS OF MEETINGS.

23. The following officials shall be appointed for every meeting, viz.: Handicapper, Clerk of the Scales, Starter, and one or more Judges, and their appointment shall be made by the Stewards of The Jockey Club.
- 23A. On all Race Courses making application for a license, the names of all individuals who are to act as officials of the meeting must be submitted to and approved by the Stewards of The Jockey Club before a license is granted.
24. \*The Secretary of the Association or his deputy shall be the Clerk of the Course. He shall discharge all the duties, whether expressed or implied, required by the Rules of Racing, and report to the Stewards all violations of the Rules of Racing or of the Regulations of the Course coming under his notice; he shall keep a complete record of all races; he shall receive all stakes, forfeits,

entrance money, fines, fees, including Jockey's fees, arrears and purchase money in selling races, and *within fourteen days, exclusive of Sundays, from the close of the meeting he shall pay over all the money collected by him to the persons entitled.*

He shall, within fourteen days, *exclusive of Sundays*, from the close of the meeting, notify the Secretary of The Jockey Club of all arrears then remaining unpaid, and all arrears not then reported shall be regarded as having been assumed by the Association failing to make said report, and said arrears shall be paid by said Association.

*He shall submit, before acceptance, to the Secretary of The Jockey Club all transfers of engagements and entries to all races, except those opened and decided during the meeting.*

**\*Amended January 12, 1905.**

25. The Handicapper shall append to the weights for every handicap the day and hour from which winners will be liable to a penalty, and no alteration shall be made after publication.
26. The Clerk of the Scales shall exhibit the number (as allotted on the official card) of each horse for which a jockey has been weighed out, and shall forthwith furnish the Starter with a list of such numbers, and the numbers shall not be taken down until the horses are started.
27. If extra or special weight be declared for any horse, such weight shall be exhibited on the Notice Board; also any declaration to win, or alteration of colors.
28. He shall in all cases weigh in the riders of the horses, and report to the Stewards any jockey not presenting himself to be weighed in.
29. He shall, at the close of each day's racing, send a return to the office of the Secretary of the Jockey Club, of the weights carried in every race, and the names of the jockeys, specifying overweight, if any.
30. The Starter shall give all orders necessary for securing a fair start.
31. He shall report to the Stewards all cases of misconduct by jockeys when under his orders.
32. He shall report to the Stewards the time at which each race was actually started; also the time of the first, if any false starts; which shall be held to fix the time of starting for that race.
33. He shall also report by whom or by what cause any delay was occasioned.
34. The Judge or Judges must occupy the Judge's box at the time the horses pass the winning post, and their sole duty shall be to place the horses. They must announce their decisions immediately.

and such decisions shall be final, unless an objection to the winner or any placed horse is made and sustained. Provided, that this rule shall not prevent the Judges from correcting any mistake, such correction being subject to confirmation by the Stewards.

35. The Judge or Judges shall at the close of each day's racing, sign and send a report of the result of each race to the office of the Secretary of The Jockey Club.
36. The Judge or Judges shall decide which horse wins and assign their respective places in the race to as many horses as they think proper, except when, in running the best heats, it is necessary to place all the horses.
37. \*The Forfeit Clerk shall be in attendance on every race day of each meeting for the purpose of enforcing the forfeit list, and for collecting forfeits due.

He shall lodge with the Clerk of the Course not later than 1 P. ## PART VII.

### RACE HORSES.

38. The office of The Jockey Club is designated as the Registry Office.

The Registry Office is established for the purpose of the identification of all race horses, whether foaled in the United States or in other countries, and the certification of their pedigrees.

Horses foaled in the United States or Canada must be registered with the Registry Office by November 1st of the year in which they were foaled.

The registration shall comprise the name, if any; the color and marks, if any; whether a horse, mare or gelding, and the names of its sire and dam. If the dam was covered by more than one stallion, the names or descriptions in full must be stated.

The registration fee shall be \$2 for each animal, which will include certificate.

Only horses are eligible for registry under this rule which have either five uncontaminated thoroughbred crosses, or which authentically trace

through or to animals recorded in the first six volumes of the American Stud-book or in a recognized Stud-book of another country.

If it be proved to the satisfaction of the Stewards of The Jockey Club that the failure of registration be unintentional or accidental, such registration may be permitted by the payment of a fine of \$10, if such application be made on or before December 31st of each year, and if after said date, upon payment of a fine of \$50 for each registration.

89. A name must be claimed through the Registry Office of The Jockey Club for each and every horse on or before the 1st day of March of its two-year-old year.

In case a horse is not named prior to March 1st of its two-year-old year, he may be duly named upon payment of a fine of \$50, if name is claimed and allowed at least two days before date of starting.

No name that has been employed during the previous five years, either in the stud or on the turf, shall be duplicated, nor can a name be claimed for any horse not registered as a foal.

N. B.—No horse will be allowed to start unless duly registered and named.

Rules 38 and 39 shall apply only to horses foaled in 1893 and thereafter.

40. An owner desiring to change the name of a horse must obtain special permission from the Stewards of The Jockey Club, and shall pay the sum of \$100 on each change of name to the Fine Fund.

An owner may change the name of a horse before March 1 of its two-year-old year without special permission upon payment of \$10 to the Fine Fund.

41. A horse foaled out of the United States or Canada shall not be qualified to start for any race until the owner has filed in the Registry Office a certificate stating age, color, sex, distinguishing marks, if any, and pedigree as recorded in the official stud book of its native country, signed by the Secretary or other public officer of a recognized racing club, or by some approved magistrate or public officer of the country in which the horse was foaled, or has otherwise satisfied the Stewards of The Jockey Club as to its identity and age, and has filed with The Jockey Club, after importation, a certificate of identification from a veterinarian.

This registration must be made at the Registry Office within sixty days after landing in this country, and the registration fee shall be \$5 for each animal, which will include certificate of registration.

If it be proved to the satisfaction of the Stew-

ards of The Jockey Club that failure of registration be unintentional or accidental, such registration may be permitted by the payment of a fine of \$25 if made within (6) months after landing, and, if after such time, upon payment of \$50 for each registration.

## **PART VIII.**

### **ENTRIES, SUBSCRIPTIONS, DECLARATIONS OF FORFEITS AND ACCEPTANCES FOR RACES.**

42. Every person subscribing to a sweepstake or entering a horse in a race to be run under these rules accepts the decision of the Stewards on any question relating to a race or to racing.
43. At the discretion of the Stewards of The Jockey Club or of the Stewards, and without notice, the entries of any person or the transfer of any entry may be refused.
44. A horse is not qualified to run for any race unless he is duly entered for the same, and has been duly registered.
45. No horse is qualified to be entered or run, which is wholly or partly the property of, or in any way under the care or superintendence of a disqualified person.
46. Any horse which has been the subject of fraudulent practice may be disqualified for such time and for such races as the Stewards shall determine.  
Note.—Former Rules 45 and 46 will now be found embraced in Rules 21 and 22.
47. Entries and declarations of forfeit shall be made in writing, signed by the owner of the horse or of the engagement, or by some person deputed by him.  
Entries and declarations made by telegraph shall be equally binding, but must be promptly confirmed in writing.  
Entries to all races must be published in The Racing Calendar, excepting those which are opened and decided during a meeting.
48. A horse cannot be entered in the real or the assumed name of any person as his owner unless that person's interest or property in the horse is at least equal to that of any one person, and has been so registered with The Jockey Club.
49. The list of entries shall be closed at the advertised time and no entry shall be admitted on any ground after that time. In default of observance of this rule, the receiver of nominations shall be reported to the Stewards, and unless the nominator can prove to their satisfaction that the entry was made in due time, it shall be void.
50. Entries shall be in the name, or the assumed

name, of one person, and shall state the name, or the assumed name, of the owner, the name or description of the horse if unnamed, and if the race be for horses of different ages, the age of the horse entered.

51. In entering a horse for the first time it shall be identified by stating its name (if it has any), its color (when possible), whether a horse, mare or gelding, and the name or description of its sire and dam as recorded in the Stud Book. If the dam was covered by more than one stallion, the names or description of all must be stated. In all cases such pedigree or description must be given, as will clearly distinguish the horses entered from all other horses; and if the pedigree of the sire and dam is unknown, the Stewards may at any time require in confirmation of the entry such further particulars as to where, when and from whom it was purchased or obtained, as will identify it.

This description of the horse must be repeated in every entry until a description of him with a name has been published in the programme or list of entries of a recognized Association.

In every entry after such publication his name and age will be sufficient.

52. If a horse be entered with a name for the first time in several races, closing at the same place on the same day, the description need not be added in more than one of such entries.
53. Whenever the name of a horse which has run in any country has been changed, his old name as well as his new name or description must be given until he has run three times over the course of a recognized Association.

#### **PRODUCE RACES.**

54. In making an entry for a produce race the produce is entered by specifying the dam and the sire or sires.

If the produce of a mare is dropped before the 1st of January, or if there is no produce, or if the produce is dead when dropped, or if twins are dropped, the entry of such mare is void.

In produce races, allowances for the produce of untried horses must be claimed before the time of closing, and are not lost by subsequent winnings.

An untried horse is one whose produce in any country are maidens at the time of closing.

A horse not registered shall not be eligible to start, but the nominator shall be liable for such forfeits as may be due at the next ensuing date of declaration.

#### **PARTNERSHIPS AND ASSUMED NAMES.**

55. All partnerships and the name and address of every person having any interest in a horse, the

relative proportion of such interest, and the terms of any sale with contingencies, lease or arrangement must be signed by all the parties or their authorized agents, and lodged at the Registry Office or with the Clerk of the Course for transmission to the Registry Office, before a horse sold with contingencies, or leased, or which is a joint property, can be entered, or start, for any race, and the document shall state with whom the power of entry or declaration of forfeit rests, and all partners shall be jointly and severally liable for every stake or forfeit. No part owner shall assign his share or any part thereof in a horse without the consent of his partners. A fee of \$1 shall be paid on each horse, and all partnerships, sales with contingencies, or leases, shall be published in the real or assumed name in the next available Racing Calendar. Any notice of termination must be sent within fourteen (14) days to the Registry Office for publication, or a second fee will be incurred.

All statements of partnership, sales with contingencies, leases or arrangements, shall declare to whom winnings are payable, and with whom the power of entry or declaration of forfeit rests, and shall be filed and posted in the office of the Secretary of the Stewards of The Jockey Club and published in the Racing Calendar, but the real name of a person who has registered an assumed name shall not be disclosed.

The signature of each party to a partnership is required.

In cases of emergency, authority to sign declarations of partnerships may be given to the Secretary of the Stewards of The Jockey Club by telegraph, but must be promptly confirmed in writing.

**Note.**—Especial attention is called to Rule 48.

56. An assumed name cannot be used unless annually registered and the fee paid. A registration continues effectual only during the current year.

A person cannot register more than one assumed name at the same time, nor can he use his real name so long as he has a registered one.

An assumed name may be changed at any time by registering a new assumed name.

A person cannot register as his assumed name one which has been already registered by any other person, or the real name of any owner of race horses.

Any person who has registered an assumed name may at any time abandon it, by giving written notice at the Registry Office; such notice of cancellation shall be published in the next Racing Calendar, after which all entries which have been made in the assumed, shall be altered to the real name of the owner. No trainer of race horses shall register an assumed name.

57. In cases hereinafter named, any accidental error or violation of the rules in the entry of a horse may be corrected on the payment of a fine of \$10 for each entry at any time before the number of the horse is exhibited for that race, or, in a handicap, before the weights are announced.

(I) Incorrect or imperfect description, provided the identity of the horse is satisfactorily established.

(II) Entry without partnership or other joint interests existing at the time of entry having been registered.

If the above corrections be not made, or the horse struck out, within reasonable time after the owner, or his authorized agent, has been officially notified of the error, or if a horse runs without the required correction having been made, the Stewards of the Jockey Club may punish by fines or otherwise any persons responsible for such errors.

On the payment of the fine, the entry of a horse may within a like time be omitted from a race, for which it was not qualified, e. g., a colt for a filly stakes, but no other horse may be substituted.

58. When an hour for closing is stated, entries or declarations of forfeit for sweepstakes cannot be received afterward.

If the hour is not stated, they may be mailed or telegraphed up to midnight of the day of closing, but if miscarriage is alleged, satisfactory proof of the mailing or telegraphing must be presented within reasonable time, or the entry or declaration of forfeit shall not be received.

In the absence of notice to the contrary, entries and declarations of forfeit happening on the eve of and during a race meeting close at the office of the Clerk of the Course at the Course.

59. A person who subscribes to a sweepstakes before the time fixed for naming can transfer the right of entry under one or more of his subscriptions.

60. An entry of a horse in a sweepstakes is a subscription to the sweepstakes. A subscription cannot be withdrawn, but before the time of closing an entry of a horse in any race may be corrected, or another horse may be substituted.

61. Subscriptions and all entries or rights of entry under them become void on the death of a subscriber, except when a horse is sold with the engagement and transfer by the subscriber, and acknowledgment of liability by the purchaser, both in writing, having been delivered to the Clerk of the Course previous to the death of the subscriber, or except in case of a duly registered partnership when subscriptions, entries and rights of entry shall survive in the partner having the next largest in-

terest, or except when entries under his subscription have been previously made by the transferee of a right of entry.

If either party to a match die, the match is off.

62. No horse shall be considered as struck out of any of his engagements until the owner or some duly authorized person shall have given notice in writing, or by telegraph, to the Clerk of the Course where the horse is engaged.

The day and hour of its receipt shall be recorded, and early publicity given thereto.

The striking of a horse out of an engagement is irrevocable.

Omission to strike a horse out of an engagement, not sold or transferred with him, does not entitle his owner to start him, or to the stakes if he wins.

The notification to the Clerk of the Course of the death of a horse shall be equivalent to a declaration of forfeit.

63. When a horse is sold with his engagements, or any part of them, the seller cannot strike the horse out of any of such engagements, but, on default of the purchaser, remains liable for the amount of the forfeit in each.

In all cases of sale by private treaty or public auction, the written acknowledgment of both parties that the horse was sold with engagements is necessary to prove the fact, but when a horse is sold or claimed out of a selling race, the advertised conditions of a race are sufficient evidence.

If certain engagements only be specified, those only are sold with the horse. Sales to parties debarred from racing on race courses under the authority of The Jockey Club shall have the effect of a declaration as if made on the declaring date next succeeding the sale; the forfeits then due must be paid by the vendor, who shall give immediate notice of such sale to the Secretary or Clerk of the Course where the race is to be run.

## **PART IX.**

### **ENTRANCE MONEY, FORFEITS, STAKES, ETC.**

64. Entrance for races, in the absence of condition or notice to the contrary, are to be made at the office of the Clerk of the Course by two o'clock P. M. of the day previous to the race.

No entry for a race shall be received after the time for closing.

Entrance money for a race is not returned on the death of a horse, or his failure to start for any cause whatever.

Entrance money, forfeits, stakes and arrears must be paid in cash (if so required) to the Clerk of the Course, and entrance money must be paid at the time of entry, except entrance money for free handicap purses.

65. The nominator is liable as well as every partner in the horse at the time of nomination, and also any purchaser of the horse whose acceptance of the engagement has been lodged with the Clerk of the Course, and accepted by the Stewards of The Jockey Club for the entrance money and stake forfeit.

A person making a wrong nomination is equally liable.

66. Every horse shall be considered as having started and be liable for whatever is due for so doing, when its jockey has been weighed and its number displayed.

A subscriber to a sweepstakes is liable for the stake or forfeit, but if he transfer the right of entry to any other person he is liable only in case of default by the transferee.

67. A person making an entry under another person's subscription when forfeit must be declared by a particular time shall, if he do not declare forfeit by that time, be considered to have taken the engagement upon himself, and it shall be transferred to his name.

68. A jockey shall not be weighed out for any race unless there have been previously paid:

(I) Any stake, forfeit or entrance money payable by the owner or nominator in respect to that race.

(II) All arrears due from any person for such horse, or due from the same or any other horse from any person by whom such horse is wholly or partly owned, or in whose name or under whose subscription he is entered.

(III) The Jockey's Fee.

## PART X.

### THE UNPAID FORFEIT LIST.

69. \*An unpaid forfeit list shall be kept at the Registry Office of The Jockey Club, and shall be published in the Racing Calendar on the first Thursday in *July* and the first Thursday in *January* of each year. The real name of every person in arrears, either directly or through any interest in a horse, either as a nominator, partner or transferee, shall be stated in such forfeit list.

\*Amended January 12, 1905.

70. The forfeit list shall include all arrears due on the courses of recognized associations, which shall be placed there on official information, or by any person who shall have given notice of an arrear in writing to the Secretary of the Stewards of The Jockey Club and to the person indebted or his representative, and shall have established his claim to the satisfaction of the Stewards of The Jockey Club.

*\*Arrears which have been so reported or published must be paid directly into the office of The Jockey Club, and until so paid shall not be removed from list.*

*\*Amended January 12, 1905.*

71. Where a person is prevented by these rules from entering or starting a horse for any race, without paying arrears, for which he would not otherwise be liable, he may, by paying the same, enter or start the horse and place these arrears on the forfeit list as due to himself, and in a like manner the seller of a horse with engagements may, if compelled to pay them by the purchaser's default, place the amount on the forfeit list, as due from the purchaser himself.

72. \*So long as the name of a person is in the forfeit list *no engagement can be transferred by him* and no horse can be entered by him or under his subscription for any race, whether acting as an agent or otherwise, and no horse which has been entered by him or in his name, or under his subscription, or of which he is or was at the time of entry wholly or partly the owner, can run for any race, and no horse which shall be proved to the satisfaction of the Stewards to be directly or indirectly under the care, management or superintendence of a person who is in default shall be qualified to be entered or run for any race, and so long as any horse is in the forfeit list, such horse shall not be qualified to be entered or run for any race.

This rule shall not apply to the entry of a produce stake of mares and stallions which are in the forfeit list.

In produce races, or races for which nominations of foals are made, the nominator shall be released from further liability by filing, prior to the date of the first declaration stated in the conditions of the race, an accepted transfer of the entry.

Whenever husband or wife is in the Forfeit List all disabilities shall apply to both.

If a horse which, or the owner of which, is in the Forfeit List be entered for any race in contravention of these Rules, the nominator of such horse may be fined \$200.

*\*Amended January 12 and February 9, 1905.*

## PART XI.

### QUALIFICATIONS OF STARTERS.

73. \*A horse shall not be qualified to run in a race unless he has been announced as a starter, *be reported as being on the Grounds of the Association* and the name of his jockey given to the Clerk of the Course or the Clerk of the Scales not less than 30 minutes before the time appointed

65. for the race, which shall, at the close of the previous race of the day, be indicated on a dial conspicuously placed.  
Any subsequent change of jockey must be sanctioned by the Stewards, and if satisfactory reason is not given for the change, they may fine, suspend or rule off the course any person they may think culpable in the matter.  
*Strike out rule 74.*
75. In all races, should a horse become disabled after weighing out, if so proven to the satisfaction of the Stewards, he may be withdrawn.
76. If the time for the first race is not fixed by the programme, it shall be indicated on the dial half an hour in advance.

\*Amended January 10, 1907.

## PART XII.

77. The following weights shall be carried when not stated in the conditions of the race:

In races of intermediate lengths the weights for the shorter distance shall be carried.

In races exclusively for three years old or for four years old, the weight shall be 126 lbs., and for two years old, 122 lbs.

Except in handicaps and in races where the conditions expressly state to the contrary, fillies two years old shall be allowed 3 lbs., and mares three years old and upward shall be allowed 5 lbs. before the 1st of September, and 3 lbs. afterward. Geldings shall be allowed 3 lbs.

Welter weights shall be 28 lbs. added to the weight for age.

In heavy handicaps the top weights shall not be less than 140 lbs.

\*In all handicaps *when the added money exceeds \$600*, the top weight shall not be less than 126 lbs.

\*Amended January 12, 1905.

#### ESTIMATING WINNINGS.

78. In estimating the value of a race there shall be deducted the amount of the winner's own stake, and money or prizes payable to other horses or out of the stakes by the conditions of the race, or by the general conditions of the meeting; entrance money to a purse, or entrance money going to the race fund, shall also be deducted.

The value of prizes not in money must be advertised in the conditions and be estimated in the value of the race.

In estimating the value of a series of races in which an extra sum of money or prize is won by winning two or more races, the extra sum or prize shall be estimated in the last race by which it was finally won.

In all races, should there be any surplus from entries or subscriptions over the advertised value, it shall be paid to the winner, unless stated by the conditions to go to other horses in the race.

79. Winnings during the year shall include all prizes from the 1st of January preceding to the time appointed for the start, and shall apply to all races in any country; and winning shall include dividing, walking over, or receiving forfeit.

Winning of a fixed sum is understood to be winning it in one race, unless specified to the contrary.

In case of a walk-over (except after a dead heat and in selling races) one-half of the money offered to the winner is given.

When a walk-over (except after a dead heat) is the result of arrangement by the owners of horses engaged, no portion of the added money nor any other prize need be given.

Any money or prize which by the conditions is to go to the horse placed second, or in any lower

place in the race, shall, if the winner have walked over, or no horse has been so placed, be dealt with as follows:

(I) If part of the stake, it shall go to the winner: or

(II) If a separate donation from the race fund, or any other source, it shall not be given at all: or

(III) If entrance money for the race, it shall go to the race fund.

If a race never be run, or be void, stakes, forfeits and entrance money shall be returned.

A race may be declared void if no qualified horse cover the course according to the rule.

### PENALTIES.

80. When a race is in dispute both the horse that came in first and any horse claiming the race shall be liable to all the penalties attaching to the winner of that race, until the matter be decided.

No horse shall carry extra weight, nor be barred from any race for having run second or in any lower place in a race.

81. Extra weight shall not be incurred in respect of private sweepstakes, nor of matches, even though money be added to the latter.

82. When winners of selling races are exempted from penalties, the exemption does not apply to races in which any of the horses running are not to be sold.

83. Penalties and allowances are not cumulative, unless so declared by the conditions of the race.

No horse shall carry less than 84 lbs. in any race.

### ALLOWANCES.

84. Allowances must be claimed, at the time of entry when practicable, but omission to claim is not a source of disqualification, and a claim for allowance to which a horse is not entitled does not disqualify, unless carried out at scale.

85. Allowances to the produce of untried horses are for the produce of horses whose produce never won a race in any country.

86. No horse shall receive allowance of weight, or be relieved from extra weight, for having been beaten in one or more races; provided that this rule shall not prohibit maiden allowances or allowances to horses that have not won within a specified time or races of a specified value.

### PART XIII.

#### WEIGHING OUT.

87. Every jockey must be weighed for a specified horse not less than 20 minutes before the time fixed

for the race, and the number of the horse shall be exhibited officially as soon as possible.

88. If a horse runs in a hood, muzzle, martingale, breast-plate or clothing, it must be put on the scale, and included in the jockey's weight.
89. No whip or substitute for a whip shall be allowed on the scales, nor shall any bridle be weighed.
90. If a jockey intends to carry overweight, he must declare the amount thereof at the time of weighing out, or, if in doubt as to his proper weight, he may declare the weight he intends to carry.
91. If a jockey intends to carry overweight exceeding by more than 2 lbs. the weight which his horse is to carry, the owner or trainer consenting, he must declare the amount of overweight to the Clerk of the Scales at least 45 minutes before the time appointed for the race, and the Clerk shall cause the overweight to be stated on the Notice Board immediately. Any failure on the part of a jockey to comply with this rule shall be punishable by a fine of not less than \$200, or suspension or revocation of his license.
92. A horse shall not be qualified to run in a race with more than 5 lbs. overweight.
93. The owner, or his representative, is responsible for the weight his horse carries.
94. Any overweight, or any change of weight from the weight stated in the official programme, is to be immediately posted on the Notice Board.

## **PART XIV.**

### **STARTING.**

95. If a horse whose number has been exhibited, or whose starting is obligatory, does not start and run the race, the Stewards may call on the owner, trainer or jockey for an explanation, and if no satisfactory explanation be given, shall fine, suspend or rule off the course, as the case may warrant.
96. After the horses are ordered to the starting post, and until the Stewards direct the gates to be reopened, all persons except the racing officials shall be excluded from the course to be run over.
97. A bell will be rung ten minutes and a bugle sounded five minutes before the time fixed for the start.

All horses shall parade and carry their weight from the paddock to the starting post.
98. The position of horses when starting shall be determined by lot, i. e., a numbered ball shall be drawn from a bottle by the Clerk of the Scales when the jockeys weigh out.

The winner of a heat shall, at the next start, have the inside position, and the others shall take

their positions in the order in which they came out in the previous heat.

Nevertheless, the Starter may place vicious or unruly horses where they cannot injure others, by placing them behind the line in the position which they have drawn.

99. A horse in the hands of the Starter shall receive no further care from his attendants.  
With the sanction of the Starter, a horse may be led to his position. The jockey must not dismount, except to set right insecure equipments, and then only with the permission of the Starter.
100. If an accident happen to a jockey or his equipments, the Starter may allow the other jockeys to dismount and their horses to be cared for, unless the delay is likely to be of short duration.
101. A start in front of the post is void, and the horses must be started again.
102. All races shall be started by a starting gate, approved by the Stewards of The Jockey Club.
103. The Starter shall give all orders necessary for securing a fair start.

*(II) \*All horses shall be properly schooled before starting and, upon the report of the Starter, the Stewards may fine or suspend any trainer who, after being notified, shall start any unruly horse.*

104. The horses shall be started as far as possible in a line, but may be started at such reasonable distance behind the starting post as the Starter thinks necessary.

By special permission of the Stewards of The Jockey Club, or in case of an emergency, the Stewards of the meeting, or the Starter, a race may be started without a gate.

Whenever the horses are started by a flag, there shall be no start until, and no recall after the Assistant Starter has dropped his flag in answer to the flag of the Starter.

105. The Starter shall have authority to fine or suspend a jockey for disobedience of his orders, or for attempting to take any unfair advantage, but the suspension of a jockey shall not take effect until after the last race of the day of his suspension.

The Starter shall not impose any fine exceeding \$200 for any offense, nor suspend beyond the last day of the meeting, and he shall report all fines and suspensions to the Clerk of the Scales in writing.

The Stewards only may modify or remit penalties imposed by the Starter.

106. The concurrent statement of the Starter and his assistant as to incidents of the start is conclusive.

## PART XV.

### RUNNING AND WALKING OVER.

107. An owner running two or more horses in a race may declare to win with one of them, and such declaration must be made at the time of weighing out, and is to be immediately posted on the Notice Board. A jockey riding a horse with which his owner has not declared to win must on no account stop such horse except in favor of the stable companion on whose behalf declaration to win has been made.
108. (I) A leading horse is entitled to any part of the course, but when there is a clear opening to pass him, he shall not impede another horse by crossing so as to compel him to shorten his stride.
- (II) A horse crossing another so as actually to impede him is disqualified, unless the impeded horse was partly in fault or the crossing was wholly caused by the fault of some other horse or jockey.
- (III) If a horse or his jockey jostle so as actually to impede another horse, the aggressor is disqualified, unless the impeded horse or his jockey was partly in fault or the jostle was wholly caused by the fault of some other horse or jockey.
- (IV) If a jockey wilfully strike another horse or jockey, or ride wilfully or carelessly so as to injure another horse, which is in no way in fault, or so as to cause other horses to do so, his horse is disqualified.
- (V) When a horse is disqualified under this rule, every horse in the race belonging wholly or partly to the same owner is also disqualified.
- (VI) Complaints under this rule can only be received from the owner, trainer or jockey of the horse alleged to be aggrieved, and must be made to the Clerk of the Scales or to the Stewards before or immediately after his jockey has passed the scales. But nothing in this rule shall prevent the Stewards taking cognizance of foul riding.
- (VII) A jockey whose horse has been disqualified or who unnecessarily causes his horse to shorten his stride with a view to complaint, or an owner, trainer or jockey who complains frivolously that his horse was crossed or jostled may be fined or suspended.
109. If the Stewards at any time are satisfied that the riding of any race was intentionally foul, or that the jockey was instructed or induced so to ride, all persons guilty of complicity in the offense shall be ruled off.
110. If a horse leaves the course he must turn back and run the course from the point at which he left it.
111. \*If a race has been run by all the horses at wrong weights, or over a wrong course or distance. *and an objection be made before the numbers of th*

*horses placed in the race are officially confirmed, or if a judge is not in the stand when the horses pass the winning post, the race shall be run again after the last race of the day, but at an interval of not less than 20 minutes if for two miles or less, or than 30 minutes if over two miles.*

**\*Amended January 12, 1905.**

#### **WALKING OVER.**

112. When one horse pays forfeit for a match the other need not walk over, but for a sweepstakes, even if all the horses but one have declared forfeit that horse must walk over, except by the written consent of the persons who pay forfeit; in the case of a purse the consent of the Stewards is necessary to dispense with a walk over.
113. On a division or a withdrawal after a dead heat it shall not be necessary for a horse to walk over.

#### **PART XVI.**

##### **WEIGHING IN.**

114. Every jockey must immediately after pulling up ride his horse to the place of weighing, dismount after obtaining permission of the Judge and present himself to be weighed by the Clerk of the Scales: provided that if a jockey be prevented from riding to the place of weighing by reason of accident or illness by which he or his horse is disabled, he may walk or be carried to the scales.
115. Every jockey must, upon pulling up, unsaddle his own horse, and no attendant shall touch the horse, except by his bridle.
116. If a jockey do not present himself to weigh in, or be more than one pound short of his weight, or be guilty of any fraudulent practice with respect to weight or weighing, or dismount before reaching the scales, or touch (except accidentally) any person or thing other than his own equipments before weighing in, his horse is disqualified, unless he can satisfy the Stewards that he was justified by extraordinary circumstances.
117. A jockey omitting to obtain permission to dismount, or disregarding any requirement as to weight and weighing, shall be fined or suspended, and may be ruled off the course.
118. If a horse carry more than two pounds over his proper or declared weight, his jockey shall be fined, suspended or ruled off, unless the Stewards are satisfied that such excess of weight has been caused by rain or mud.

#### **PART XVII.**

##### **DEAD HEATS.**

119. (I) In races not of heats, a dead heat for the first place is to be run off on the same day at the time

the Stewards appoint, but at an interval of not less than twenty minutes, unless the race admits of division, and the owners agree to divide, but if the horses running a dead heat be two years old the dead heat shall not be run off and owners shall divide.

(II) The other horses shall be deemed to have been beaten, but they shall be entitled to their places (if any) as if the race had been finally determined the first time.

(III) If, in running a dead heat off either horse shall be disqualified, it shall be decided by the Stewards whether the disqualification shall extend to the loss of the second place, and if so the horse that originally ran third shall be entitled to the second place.

(IV) In running off a dead heat the rules as to declarations of overweight, weighing out and weighing in shall apply, but the same jockeys need not ride.

The same weight, including overweight, shall be carried in running off the dead heat as was carried in the original race.

(V) In running off a dead heat the horses shall take the same relative positions at the starting post as they did in the original race.

(VI) In case of a dead heat the owners or their authorized agents shall declare promptly to the Stewards, after the finish of the heat, whether they intend to run off or divide.

120. When a dead heat is run for second place, and an objection is made to the winner of the race, if such objection be declared valid in time for the dead heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly; otherwise the horses which ran the dead heat shall divide.
121. If a dead heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of the last preceding rule.
122. When owners divide they shall divide equally all the moneys and other prizes which any of them could take if the dead heat were run off, but owners cannot divide in a race of heats, or where division would conflict with its conditions.
123. If the dividing owners cannot agree as to which of them is to have a Cup or other prize which cannot be divided, the question shall be determined by lot by the Executive Committee, who shall decide what sum of money shall be paid by the owner who takes such Cup or other indivisible prize to the other owner or owners.
124. On a dead heat for a match, the match is off.
125. Every horse running a dead heat for first place shall be deemed the winner of the race until the dead heat is determined or the owners agree to

divide, and if the owners agree to divide, each horse which divides shall be deemed a winner of the race and be liable to any penalty for the full amount he would have received if he had won.

Every horse running a dead heat for second or a lower place shall be liable to any disability attaching to the place.

## PART XVIII.

### SELLING RACES.

126. In selling races which close within forty-eight hours of the race day, no person shall start more than one horse of which he is wholly or partly the owner, or in which he has a contingent interest.

All boys who, while under age, have of their own free will and with the consent of their parents or guardian, bound themselves to an owner or trainer for a term of not less than three years by a written instrument, copy of which has been lodged with The Jockey Club, are permitted during their apprenticeship to claim a five-pound allowance in all selling races, except selling handicaps, provided no horse carries less than 84 lbs. They will be entitled to this allowance for one year (or 365 days) after winning their first race in any country.

The allowance of five pounds for apprentices under this rule must be claimed at the time of naming the price, and be so stated in the entry, and the owner shall not be permitted to abandon such allowance, except by consent of the Stewards.

127. Every horse running in a selling race shall, if the winner, be liable to be claimed for the selling price by the owner of any other horse running in the race, but if it is a condition of the race that the winner shall be sold by auction, the sale shall take place immediately after the race, and the surplus over the selling price shall go one-half to the second horse and the other half to the race fund, or to the race fund if no second or third horse be placed.

If sold or bought in, the horse shall not leave the place of sale without permission of the Clerk of the Course, and if the horse be not paid for within fifteen minutes, or the price secured to his satisfaction, he may direct the horse to be put up a second time and the purchaser at the first sale shall be responsible for any deficiency arising from the second, and shall be treated as a defaulter until it is paid.

All other horses starting may be claimed for the selling price, plus the value of the stakes or purse, to the winner, including his own stake or entrance, by the owners of horses running in the race or their authorized agents.

128. (I) If the owners of two or more horses having equal rights claim the same horse, they shall draw lots. The owner of the winner has the last claim.

(I) No person can claim more than one horse.

(III) Every claim must be made in writing to the Clerk of the Course or to the Clerk of the Scales not later than a quarter of an hour after the winner has been sold, and must be accompanied by the purchase money if required.

129. The price of every horse claimed must be paid to the Clerk of the Course, and an order given by him for the delivery of the horse.

In the case of a horse being claimed, if the price be not paid within fifteen minutes after the claim is made, the claimant forfeits his right, but the owner may insist on the claimant taking and paying for the horse, and if he refuse or neglect to do so, he shall be treated as a defaulter in respect to the price.

130. If a horse walk over, or there be no second horse for the selling race, the winner is still liable to be sold, but he shall receive all the money offered by the condition of the race to the winner and any surplus from the sale shall go to the race fund.

131. The following special provisions apply to claiming and selling races:

(I) In case of a dead heat, the time for claiming or selling is postponed until the dead heat is run off. In case of a division, each of the horses dividing is a winner for the purposes of the rules relating to claiming and selling, and if an auction race, both shall be put to auction, and any surplus shall be divided, half to go between those horses and half to the Association.

(II) If an objection to the winner of an auction race be not decided before the time for selling, the horse objected to and the horse subsequently adjudged to be the winner shall be put up at auction, and any surplus from the sale of either shall be treated as surplus from the sale of the winner, but liability to be sold shall end with the day of the race.

(III) If an objection to a horse which has been claimed be declared valid, the claimant may, within such time as the Stewards consider reasonable, reject or return the horse and place on the forfeit list any default by the owner in repayment of the price.

(IV) Any person refusing to deliver a horse bought or claimed in a selling race shall be ruled off, and the horse shall be disqualified for all races.

(V) Any person failing to pay for a horse bought or claimed in a selling race may be ruled off.

(VI) Any person who shall attempt to prevent another person from bidding on the winner of a selling race or claiming any horse in such race, or demand any portion of the surplus from the owners of horses which are entitled to it, or any owner running in selling races who may make any agreement for the protection of each other's horses

in contravention of these Rules, shall be fined, suspended or ruled off.

132. In all other races with selling conditions in which horses may be entered, or may be run not to be sold, only such horses as run to be sold shall be liable to be sold or claimed, and with this exception the foregoing rules relating to selling races shall apply.

## PART XIX.

### HEAT RACES.

133. No person shall start more than one horse of which he is wholly or partly the owner, or in which he has any contingent interest, in a race of heats.

All horses whose heads have not reached the distance post as soon as the leading horse arrives at the winning post are distanced, but as a proof of the fact, the Distance Judge must have dropped his flag in answer to the Judge's flag.

In races of heats a distance shall be:

|   |          |
|---|----------|
| For three-quarters of a mile, . . . . . | 25 yards |
| For one mile, . . . . .                 | 30 "     |
| For two miles, . . . . .                | 50 "     |
| For three miles, . . . . .              | 60 "     |
| For four miles, . . . . .               | 70 "     |

The time between heats shall be:

|  |            |
|--|------------|
| For three-quarters of a mile and for one mile, . . . . . | 20 minutes |
| For two miles, . . . . .                                 | 25 "       |
| For three miles, . . . . .                               | 35 "       |
| For four miles, . . . . .                                | 40 "       |

In a race of heats, a horse that actually wins two heats or distances the field, wins the race.

A horse running in any two consecutive heats without winning or running a dead heat, cannot start again in the race.

When a race is won by two heats, the preference of horses is determined by the places they get in the second heat.

If more than two heats are run, the horses starting for the deciding heat shall alone be placed in the race.

It shall be decided by the Stewards whether the disqualification of horses running for the deciding heat shall extend to the loss of money given to the second or third horses.

Horses started and drawn before a race of heats is won are held to be distanced.

If any person draw or sell his horse (if by the sale the horse be drawn) during the pendency of a race of heats without permission of the Stewards, he shall be ruled off.

## PART XX.

### DISPUTES, OBJECTIONS, APPEALS, ETC.

134. Every objection shall be decided by the Stewards, but their decisions shall be subject to appeal to

the Stewards of The Jockey Club, so far as relates to points involving the interpretation of these rules, or to any question other than a question of fact, on which there shall be no appeal, unless by leave of the Stewards and with the consent of the Stewards of The Jockey Club. Notice of appeal must be given in writing to the Clerk of the Course within forty-eight hours of the decision being made known.

135. In deciding a question on appeal, the Stewards of The Jockey Club may call any other member of The Jockey Club to their assistance, or may, if they think the importance or difficulty of the case require such a course, refer it to a general meeting.

#### OBJECTIONS, WHEN OR WHERE MADE.

136. Every objection must be made by the owner, trainer or jockey of some horse engaged in the race, or by the officials of the course, to the Clerk of the Scales or to one of the Stewards.
137. All objections must be put in writing and signed by the objector.
138. An objection cannot be withdrawn without leave of the Stewards.
139. The Judge or Judges or their authorized substitute must occupy the Judge's box at the time the horses pass the winning post. The decision must be announced immediately, and such decision shall be final unless an objection to the winner or any placed horse or horses is made and sustained; provided that this rule shall not prevent the Judge from correcting any mistake, such correction being subject to confirmation by the Stewards.
140. All cost and expenses in relation to determining an objection or conducting an inquiry shall be paid by such person or persons, and in such proportions as the Stewards shall direct.
141. Before considering an objection, the Clerk of the Course or Stewards shall require a deposit of \$25, which shall be forfeited if the objection is decided to be frivolous or vexatious.
142. (I) If an objection to a horse engaged in a race be made not later than noon of the day of the race, the Stewards may require the qualification to be proved before the race, and in default of such proof being given to their satisfaction, they may declare the horse disqualified.
- (II) An objection to any decision of the Clerk of the Scales must be made at once.
- (III) An objection to the distance of a course officially designated must be made before the race.
- (IV) An objection to a horse on the ground of his not having run the proper course, or of the race having been run on a wrong course, or of any other matter occurring in the race (except those

coming under Rule 108), must be made before the numbers of the horses placed in the race are put up. unless under special circumstance, the Stewards are satisfied that it could not have been made within that time.

(V) An objection on the ground,

(a) Of misstatement, omission or error in the entry under which a horse has run; or

(b) That the horse which ran was not the horse nor of the age which he was represented to be at the time of entry; or

(c) That he was not qualified under the conditions of the race or by reason of default, entered in the forfeit list; or

(d) That he has run in contravention of the rules of partnership or registration. (See Rules 38 and 55.)

May be received up to 48 hours, exclusive of Sunday, after the last race of the last day of the meeting.

(VI) In any other case an objection must be made within 48 hours of the race being run, exclusive of Sunday, save in the case of any fraud or wilful misstatement, when there shall be no limit to the time of objecting, provided the Stewards are satisfied that there has been no unnecessary delay on the part of the objector.

143. If an objection to a horse which has won or been placed in a race or heat be declared valid, the horse shall be regarded as having been distanced in a race of heats, and as having been last in other races. The other horses shall take their places accordingly.

[N. B.—For qualifications of this Rule, see Rules 119 and 133.]

144. If by reason of an objection to a horse a race or place is awarded to another, his owner can recover the money for such race or place from those who wrongfully received it, and in case of default can place it in the forfeit list.
145. Pending the determination of an objection, any prize which the horse objected to may have won or may win in the race, or any money held by the Clerk of the Course as the price of a horse claimed or bought in a selling race (if affected by the determination of the objection) shall be withheld until the objection is determined, and any forfeit payable by the owner of any other horse shall be paid to and held by the Clerk of the Course for the person who may be entitled to it.

## PART XXI.

### OMITTED CONDITIONS.

146. Weights omitted in the conditions of a match, or private sweepstakes, are to be supplied by the provisions of Rule 77.

When no distance is mentioned it shall be as follows:

If two years old, six furlongs.

If three years old, one mile.

If four years old, one mile and a half.

If five years or upwards, two miles.

And if the horses be of different ages the distance shall be fixed by the age of the youngest.
